EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ezra Sutton on September 21, 1999.

2. The application has been amended as follows:

1. Claims 16 and 35, line 3 of each: Delete "inflammatory CNS diseases such as".

3. The following is an examiner's statement of reasons for allowance: After a careful search of issued patents and relevant commercial databases, no prior art was found that would either anticipate or make obvious applicant's claimed invention. The references cited in the information disclosure statement or found during the search fail to teach the use etanercept or infliximab for the treatment of neurological conditions. Accordingly, this application is allowed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
